AIR WORKSHOP

During this workshop, representatives from the consulting community, legal field, industry, and IDEM will discuss current practices and recent trends in Title V permitting, including:

- Tips for Title V Renewals - How much to streamline your streamlined application
- Re-evaluation of previous evaluations and the technical accuracy of your TSD
- When adding insignificant activities is not an insignificant activity
- Do I need a preapplication meeting?
- IDEM forms and application needs - What is a complete permit application?
- IDEM basics for permit cost, timelines, and content
- Q & A Panel - You have questions we [may] have answers

Speakers:

- Tony Schroeder, Trinity Consultants
- Jason Krawczyk, IDEM Section Chief

Panel Members:

- Jennifer Andres, Ice Miller LLP
- Angie Lee, Hoosier Energy REC, Inc.

Please plan to join us for a reception after the presentation!

Hope to see you there!
